

A Suit For You, Sir!

The sort of spring suit you would wear is here waiting for you. It's the sort of suit you need not worry about one bit. Strange how the little feeling of unrest that comes from a doubt as to the appearance of his clothes can interfere with even a sensible man's work and destroy his peace of mind and we all put on a better front when we're sure that we are looking just right.

The Spring Suit Styles are handsome but not radical in cut or fabric

Suits at \$8.50, \$10, \$12.50, \$15, \$18, \$20 and \$22

Not a new thing about our prices but when you see the Suits you'll say "The best I ever saw for the money"

PHYSICIANS ENDORSE VINOL

To Create Strength and for Pul-
monary Troubles

Run-down, debilitated people, those
who need strength, or who suffer
from chronic coughs, colds or bron-
chitis may find help in these letters.
Dr. C. L. Droege, Goshen, N. Y.,
says: "In cases where the curative
influence of cod liver oil is needed, I
prescribe Vinol, which I find to be
far more palatable and efficacious
than other cod liver preparations. It
is a worthy cod liver preparation in
which a physician may have every
confidence."

Dr. L. B. Bouchelle of Thomaston,
Ga., says: "I have used Vinol in my
family and in my general practice
with the most satisfactory results.
It is exceedingly beneficial to those
afflicted with bronchial or pulmonary
troubles, and to create strength."

Dr. W. N. Rand of Evans Mills, N.
Y., says: "I want to say that I have
used and prescribed Vinol in my prac-
tice and it will do all you claim for it
and more."

We return your money if Vinol
fails to help you. W. L. Gokay,
Druggist.

Lydia E. Pinkham's Vegetable Com-
pound, made from native roots and
herbs, contains no narcotic or harmful
drugs, and to-day holds the record of
being the most successful remedy for
female ills we know of, and thousands
of voluntary testimonials on file in the
Pinkham Laboratory at Lynn, Mass.,
can prove this fact.

For thirty years it has been the stand-
ard remedy for female ills, and has re-
stored the health of thousands of women
who have been troubled with such ail-
ments as displacements, inflammation,
uterine tumors, irregularities, etc.

The tent caterpillar is not much in
evidence this season. Some apple
trees have a few small nests of the
worms, but in most cases the trees
are wholly unaffected. Most of the
wild cherry bushes along the country
roads, however, show many nests of
the plagues. It is supposed the long,
cold winter is the cause of the partial
disappearance of the caterpillars this
season.
